A GOOD LIFE OF ACHIEVEMENT

We start this new year's journey into glory, joy, happiness, and solutions. We are here to explain how to harness the glory of Allah into our lives to impact our family, community, and the world at large. If you can achieve this, you have fulfilled the prayer of the Holy Prophet in the second chapter of the Holy Quran. And there are men who say, "Our Lord! Give us good in this world and good in the hereafter and defend us from the torment of the fire!"[Q2:201]

We must then understand how to live a good life of achievement without forfeiting the hereafter. What is with you must vanish; what is with Allah will endure. What is with you must vanish; what is with Allah will endure. And We will certainly bestow, on those who patiently persevere, their reward according to the best of their actions. [Q16:96]

♥ The first condition for leading a good life is to seek Allah. Whatever is of man, whatever is of this world, whatever people can give you will finish, but it is only what is with Allah that is inexhaustible. The joy, wealth, money, health, vitality, and riches with God cannot finish. We can only get a good life with Allah, as He is the one who gives joy, peace, happiness, and wealth that is inexhaustible. A trial to seek these from another source will eventually lead to disappointment and disgrace, as the grace and power granted by man will not last.

As we have called this year our year of achievements, to want achievement is to want Allah, which is the Source of all things.

A trial to seek these from another source will eventually lead to disappointment and disgrace, as the grace and power granted by man will not last. As we have called this year our year of achievements, to want achievement is to want Allah, which is the Source of all things.

♥ The second condition to have a good life, as stated in the verse, is patience. Only those who are patient, who stand with Allah in trying times, who are not fed up and persevere, will enjoy the reward of their steadfastness. If it is an achievement you seek, you must be patient, as Allah only deals with and rewards the patient ones, regardless of gender. Whoever works righteousness, man or woman, and has Faith, verily, to him will We give a new Life, a life that is good and pure and We will bestow on such their reward according to the best of their actions. [Q16:97]

♥ The third condition to have a good life is righteousness. Whether you are male or female, as long as you work hard in righteousness, you will always get your desired achievement, be it money, wealth, promotion, position, or a child, to lead a good life

♥ The fourth condition for leading a good life is to have faith. To have faith is to be a believer. You must believe in yourself, in God, and a good life. Yes, you must believe in a good life for you to have a good life of peace, harmony, joy, wealth, and happiness. Those who do not believe in a good life are those who have the belief that this life must be full of hardship and

FIRST QUARTER QUOTE FOR DAILY REFLECTION:

"You must be a believer of yourself, God, and a good life before you can have a good life of achievements".

suffering for them to gain paradise.

This is a wrong belief system that people have been conditioned to believe. This is so because the only way out is in. You read right; the only way out of any unpleasant situation or circumstance is to go within, as it is the inner that determines the outer, not the other way around. Forget about what has happened in the past and start to believe in a good life of prosperity. The promise of Allah can never fail, for He has granted us whatever makes life good; all we have to do is claim it. Congratulations!!!

WHAT DO YOU NEED TO DO IN THE NEW YEAR TO ACHIEVE THIS?

1.) BELIEVE IN YOURSELF, BELIEVE IN GOD, AND BELIEVE IN A NEW LIFE.

2.) FIND YOUR PASSION. What is it that motivates you and gives you joy and happiness? It is when you are doing your work happily that it can bring wealth and riches.

3.) TAKE ACTION NOW! No more thinking and dreaming about it. Begin now, start now, and start somehow in any way. Most banks started small in their house, and then they gradually grew to become big. Start small. Until you take action, you cannot become.

4.) FOCUS YOUR ENERGY ON THAT ONE THING YOU WANT TO ACHIEVE. Avoid distractions or engagement in different things at the same time, as you may not achieve by doing so.

5.) EMBRACE THE PRINCIPLE OF PRACTICE. Practice your skill until it becomes a habit, and your habit will eventually become your destiny.

EVERY MAN WILL HARVEST THEIR HABIT.

Be conscious of what you do every day, if it is not good enough, stop it now because you will harvest your habit. If your habit is to observe your morning and evening exercises (wazifat) regularly, then you will harvest light. Life is all about choice; think about your habits because that will determine your destiny

6.) BUILD GENUINE RELATIONSHIPS. Associate with good people who will give you good advice on your business, family, and life and who will add to your success.

7.) LET YOUR MIND BE POSITIVE. Insist that only good things will always happen to you and believe in it.

8.) PRACTICE THE PRINCIPLE OF GIVING BACK. Come out for donations and share what you have. The light has given you continual blessings, joy, progress, riches, and bounties of life; therefore, you must give back to the light. If you exhaust everything you have been given, then you will have nothing to harvest. Pay your tithe regularly.

You should always give in the house of God because it is the safest place to give, when you give out to the neighbourhood, they become envious, and this may institute evil doings. You should always give in the house of God because that is where you are blessed to have more. Outsiders do not have the power and capacity to bless you. Planting in the house of God is planting on fertile land.

9.) NEVER GIVE UP ON GETTING A NEW LIFE. The only way to do this is to never get tired because you are unaware of when God will send angels to answer your request. Do not turn back on your request; do not turn back on your family; you are almost there; wait for it.

10.) LIVE YOUR LIFE ON PURPOSE. There must always be a purpose for everything, you will become tired if you embark on something without purpose. For instance, a parent may decide to labour so hard to raise their children to be great and to be among those who contribute to the nation. Why do you want to do that business?

Many businesses fail because they lack genuine purpose; they are doing it because they see other people doing it. A life without purpose will be flushed away by the distractions of the world. Make out a genuine purpose for doing things.

In conclusion, always be yourself; never try to be like anyone else; be a great parent for your children to be great; stand on good purpose; and always remember that the promise of Allah shall never fail. Allah will give you a good life.

TESTIMONIES TO THE POWERS OF THE DIVINE LIGHT OF ALLAH "WHICH OF THE FAVOURS ALLAH WILL YOU DENY"

Safe Delivery through The Divine Light of Allah

During my pregnancy with my youngest child, I encountered various seers who forewarned of the challenges I might face during delivery, even suggesting that my life was in peril. Despite the concerns expressed by my husband's family, who also received similar messages, I chose to walk in the divine Light of Allah unable to heed their recommendations. Instead, I sought solace in attending antenatal clinics and participating in the special prayers organized for pregnant women by our Master. To the grace and glory of Allah, I am humbled to share that, contrary to dire predictions, I experienced a safe and uneventful delivery. Through the unfailing guidance of Allah's Divine Light, both my baby and I emerged unharmed, defying the odds and bearing witness to the miraculous power of faith in the powers of Allah.

CALLING UNTO THE LIGHT OF ALLAH

If you can come unto Allah, He will forgive you of all your shortcomings, bless you and make all your setbacks a comeback. This is the pathway to a good life.

Almighty Allah inspired the Holy Prophet Muhammad (SAW) to speak in the Holy Quran 3 vs 31:

"If ye love Allah, follow me Allah will love you and forgive you of your sins. Allah is forgiving and merciful."

It is imperative to confess your nothingness i.e. the Kalimatu Shahdah and perform Solat (daily obligatory prayers) along with other pillars, but it is paramount that you follow the men of God. This is the pathway to divine light and mercies that guarantee a good life.

The question is, are you ready to follow the men of God? If your answer is yes, then join our sittings and services as follows:

The Divine Light of Allah gave me a resounding academic success.

During my first year at university, I often fell ill just weeks before exams, casting a shadow of doubt over my academic journey. Seeking solace and guidance, I confided in our revered Spiritual Master, RTB Akinbile, who graciously provided me with prayers to invoke the Divine Light of Allah. Miraculously, the following semester passed without a trace of sickness, culminating in a joyous graduation.

Alhamdulillah!

However, challenges persisted. In my third year, faced with a daunting exam on complex calculations, I diligently prepared through group studies and extensive problem-solving sessions. Despite my thorough groundwork, anxiety overwhelmed me in the exam hall. Desperate for clarity, I turned to the Divine Light of Allah, reciting the sacred invocation taught by our Master. In a moment of divine intervention, clarity dawned, and I tackled the questions with newfound confidence, albeit with little time remaining. Upon leaving the exam hall, I sought counsel from our Master, who assured me of Allah's guiding Light. True to his words, the results were beyond my expectations, affirming the profound impact of faith and the unwavering support of our Spiritual Master in navigating life's trials.

With boundless gratitude, I bear witness to the transformative power of divine intervention, guiding me through adversity and illuminating my paths towards academic success.
